March 28, 2018

Dear Pool Permit Holder,

We want to take this opportunity to inform you of the plan for this upcoming pool season:

1. Access to your pool and pump/filter room by Gwinnett County Environmental Health personnel, for the purpose of unannounced inspections during the upcoming year, is required. Please send an e-mail to [gwinnetthealthpoolinspections@gmail.com](mailto:gwinnetthealthpoolinspections@gmail.com). You will receive an automated response with a link to an on-line form where you will need to submit required information including; facility name, permit number, gate code or lock box combination, and pump/filter room code or lock box combination. This form must be completely filled out with all required information. Completing the form with "same as last year" or any other similar response will not be accepted. Please be advised a facility with multiple pools will need a form completed for each pool. This requirement also applies to spas.
2. Once a completed form is provided, and fees paid, your pool may be opened. New construction pools and pools which have undergone a change of ownership will require an opening inspection before operating.
3. In order to reduce waterborne illnesses and accidents, multiple educational tools are available on our website at [www.gnrhealth.com](http://www.gnrhealth.com) for your review.
4. Our annual public health education meeting will be offered at our office at **April 9th at 6pm at a school to be determined.**
5. A two-day Certified Pool Operator (CPO) class will be offered on **March 8th and 9th, March 15th and 16<sup>th</sup>, and March 22nd and 23rd.** Details of the class are enclosed.

If you have any questions, please contact our office a 770-963-5132. We look forward to working with you in ensuring your patrons have a safe and healthy pool season.

Sincerely,

Don Loggins, REHS  
Environmental Health County Manager  
Gwinnett County
