7. Walgreens

- a. Walgreens offers drive-thru COVID-19 testing at select locations in partnership with PWNHealth Provider Network. Testing is **FREE** for eligible individuals. The link to schedule a test online is here <https://www.walgreens.com/findcare/covid19/testing>
- b. In order to be tested at Walgreens you need to take a quick survey to see if you are eligible. Eligibility is based on criteria established by the CDC and state and federal guidelines.
 - i. When filling out the survey 1. You agree to terms and conditions. 2. You fill out your contact information (name, DOB, gender, email, and phone number). Then you are prompted to answer 8 questions, the first question 1. is about any symptoms you have, 2. Is about if you have had contact with a diagnosed or presumed COVID-19 case 3. Have you had contact with someone who is sick but not diagnosed with COVID-19. 4. In the last 2 weeks have you had any exposures

Last Update: 8/10/20

This is not an exhaustive list. It will be updated bi-weekly or as we are made aware of changes or additional testing sites.

such as international travel, live or visited an area with community spread COVID-19 5. Do you work at the following (healthcare facility or as a first responder) 6. Are you 65 or older 7. Do you have any of the following conditions (underlying conditions) 8. Are you currently pregnant? After answering these questions it determines eligibility and you can request an appointment.

- ii. After answering the above questions your eligibility is determined, after taking the survey myself indicating that you have been exposed to a confirmed COVID-19 case (without symptoms) it allowed me to proceed to scheduling. When you get to the end after the survey you have the option to request the appointment online or to call and have someone schedule you over the phone.

8. CVS

- a. CVS offers **free** COVID-19 tests. Results take 2 – 4 days but may take 6-10 during peak demand. You can look up a testing site and schedule a test here:
<https://www.cvs.com/minuteclinic/covid-19-testing>
- b. At this website you will be prompted to enter the zip code where you live.
- c. After entering your zip code you are prompted to an assessment to determine if you qualify for COVID-19 testing.
 - i. You are prompted to enter your DOB, symptoms, medical conditions, if you have been instructed to get testing by your health department or a medical professional, if you work or live in a treatment facility, group home, or other group setting, if you are a healthcare worker or first responder, if you are a caregiver to someone over the age of 85, and if you live in a nursing home or long-term care facility.
 - ii. After answering these questions you are prompted to testing facilities based on your location. Based on my attempt to schedule online you did not need to have symptoms to get scheduled. All you needed to indicate is that you were instructed to test by the health department or a medical professional.
 - iii. It gave me the option to schedule three days in advance. Scheduling availability was very limited.
