\*Due to the increasing availability of antigen testing, effective 9/1/2020, we will begin reporting antigen positives in addition to PCR positive patients. Patients testing positive with an antigen test are considered presumptive cases and warrant Public Health investigation and control measures, but are not included in confirmed case counts. The remainder of data reported in this report will include total cases which encompasses confirmed and presumptive.

# Gwinnett, Newton, & Rockdale County Health Departments

## COVID-19 Snapshot, data as of August 31, 2020

Gwinnett, Newton, and Rockdale County Health Department's Epidemiology Program is responsible for investigating every laboratory confirmed case of COVID-19. The data displayed here represents the Epidemiology Program's activities and provides a portrayal of the current situation in the district.

Per Gwinnett, Newton, and Rockdale County Health Departments reporting policy only confirmed COVID-19 cases that reside within the three counties that make up the district are displayed here. According to the Centers for Disease Control and Prevention the case definition of a confirmed case of COVID-19 does not include serology (i.e. antibody tests). These tests are reportable, but because they are not included in the case definition for a confirmed COVID-19 case, are not displayed here.

COVID-19 Cases, Gwinnett, Newton, and Rockdale Counties, as of 8/31/2020<sup>†</sup>

Hospitalizations of COVID-19 cases, Gwinnett, Newton, and Rockdale Counties, by Date of Occurrence<sup>†</sup>

Deaths Among COVID-19 Cases, Gwinnett, Newton, and Rockdale Counties, by Date of Occurrence<sup>†</sup>

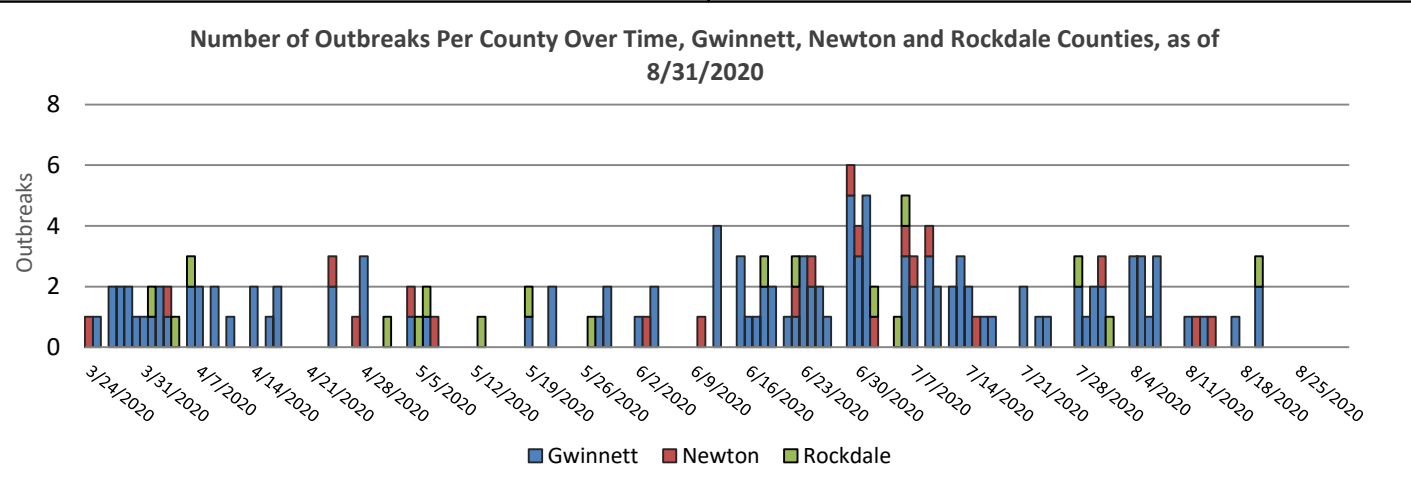

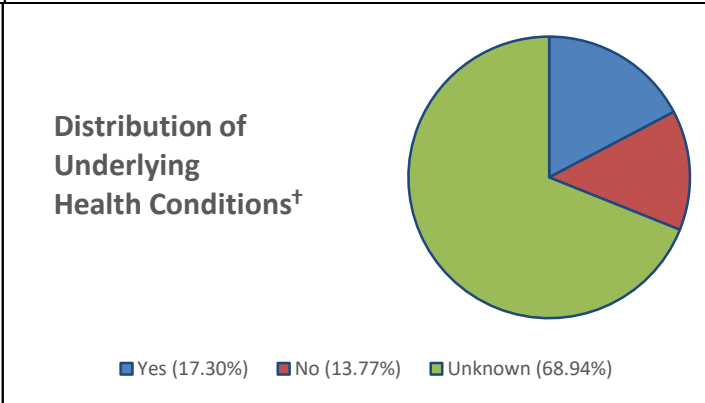

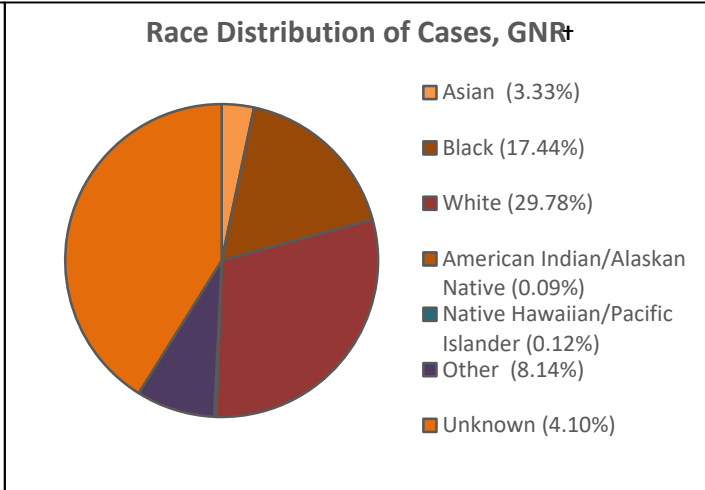

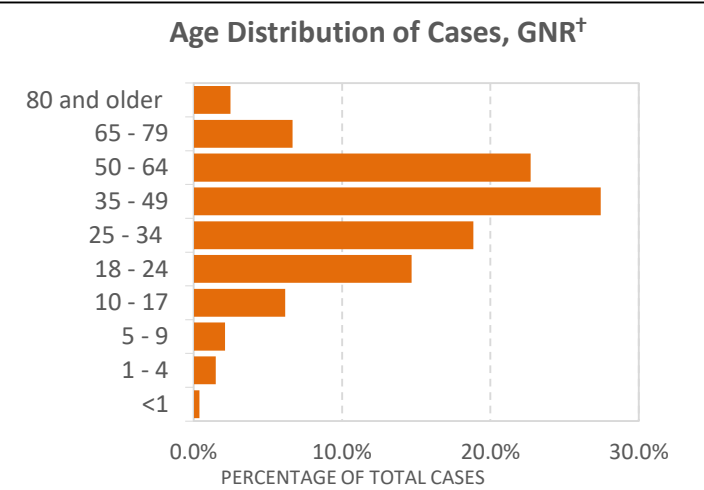

\*14-day window of uncertainty – Confirmed cases over the last 14 days may not be accounted for due to illnesses yet to be reported or test result that may still be pending.  
\*\*For individuals missing symptom onset date, date of first positive specimen collection was used  
† = Represents total confirmed and presumptive cases
