

Gwinnett, Newton, & Rockdale County Health Departments

Internship Opportunity

Internship Title: Undergraduate or Graduate level Chronic Disease Prevention Intern

Program Area: Community Health

Open for Submission: February 2022

Deadline for Submission: Until Filled

Location of Internship: This project is to be conducted at the District Office

Semester: Summer/Fall 2022 (May - December)

Internship Summary:

Under supervision, the intern will assist in research, data collection, and community engagement surrounding various chronic disease initiatives being implemented within our district. Projects will include:

- Performing a needs assessment using focus groups for data collection
- Conducting community surveys to assess socioeconomic barriers to health service access within the district
- Assisting with community outreach and engagement, as well as cultivation of community partnerships
- Examining methods of health communication from the department within the context of community capacity and literacy

At Gwinnett, Newton, & Rockdale County Health Departments, we work to protect and improve the health of those who work, live, and play in our community. Our most valuable resource is, by far, the dedicated and highly trained staff and interns who enjoy and appreciate the opportunity they have to serve our community.
