### Job Summary:

The Gwinnett, Newton and Rockdale County Health Department is seeking a qualified candidate who, under supervision, will serve as a Communicable Disease Specialist for the STD Prevention Program. The incumbent will be responsible for: conducting timely disease intervention functions to control and prevent infectious diseases; providing health education to patients, their partners, clinicians and other community members; counseling patients on their diagnosis and potential treatment options; conducting patient interviews and other epidemiological data; performing investigations to gather information using an array of resources; and coordinating testing and treatment for infected and affected individuals.

### Qualifications **Submit your official college transcript with your application.**

#### Minimum

Bachelor's degree from an accredited college or university OR Four years of outreach experience

#### Preferred

Experience as a communicable disease investigator. Experience working in a Public Health, medical or Community Based Organization setting. Completion of Passport of Partner Services. At least two years of experience working with Microsoft Office. Experience with SENDSS or other disease reporting software. Experience providing education to individuals and/or groups. Customer service experience. Bilingual.

**Make a difference in the health of your community and get great benefits, too.**
